# WELCOME

Hello there, and welcome to the Scott Fischer Glamour Welcome Guide.

This guide gives you a brief introduction to my glamour photography work so you can decide whether this is something you want to do.

You will learn about my approach to shooting glamour and what I think it's all about, as well as a bit of the philosophy I've developed over my years in the field of glamour.

Additionally, you will get an overview of the available packages and options I offer for doing a shoot.

Finally, you will see a brief FAQ section that answers some commonly asked questions.

# WHAT IS GLAMOUR

What does the word "glamour" mean to you?

I love asking that question during my Pre-Shoot planning meetings. "Feeling beautiful," or "looking pretty" are two of the most common answers. That first question serves to get you thinking.

Now let me rephrase the question and ask "If you break glamour down to its most basic elements, what is glamour all about?" Over the years of shooting glamour, I've come to realize that it's all about sexuality.

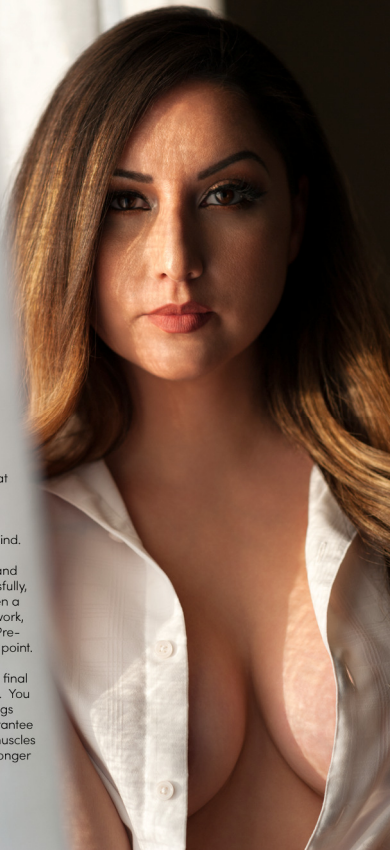

Whether it's portraits, boudoir, or bodyscape art - from mild to wild - glamour is about sexuality.

Now let me ask this question, "Where does sexuality happen?" The capacity for sexuality takes place in one's mind. The proof is in the fact that one image may capture someone's total attention but do absolutely nothing for the next person.

You may be asking yourself, "What does this have to do with a photoshoot?" I'm firmly convinced that there is much more to a glamour shoot than just wearing a sexy outfit or having an alluring look in your eyes. An effective glamour shoot transcends the outward appearances and reaches into the mind.

I am aware of this added dimension to glamour, and I incorporate it into the shoots. When done successfully, it turns a simple photograph into an image, or even a work of art. This is the difference in my glamour work, and I explain it in much greater detail during the Pre-Shoot meeting, with example images to prove my point.

In the end, a glamour shoot goes way beyond the final edited images. The shoot serves to empower you. You will feel more beautiful. You will discover new things about yourself that you never knew before. I guarantee it. Just like working out with weights makes your muscles stronger, a glamour shoot makes you mentally stronger and more confident.

# PACKAGE INFORMATION

## **Glamour Shoot**

(5 Looks, 5 Fully Edited Images)

## **Mini Glamour Shoot**

(2 Looks, 2 Fully Edited Images)

### Packages Include:

- Pre-Shoot consult for planning

- Secure on-line proofing gallery
- Edited images available for download
- Extra edited images available

## **Other Available Shoots**

(More Information Upon Request)

- Portraits
- Headshots
- Maternity
- TFP

## FAQ'S

Q: How long do shoots usually take?

A: The full glamour shoot usually takes about 3 hours. The mini-glamour shoot lasts about 1 to 1-1/2 hours.

Q: Do you edit your pictures?

A: I edit only the final selected images - to perfection. All the images that are shot are uploaded to the proofing gallery on the website. After you have picked your final selections, then I begin editing.

Q: What's the finished work I will receive?

A: All fully edited images are provided in Facebook, Instagram, and Hi-Rez print formats.

Q: How many images will we shoot?

A: Depending on which package you've chosen, we'll take at least that many 'sets' of images. If you've chosen the glamour packages, we'll end up with 5 different sets of images. From those sets, you will choose the final image you want edited for that look. (Think of finished images as "looks" and that equates to sets.)

Q: Is hair and makeup included?

A: No. Clients are to arrive ready to have photographs taken.
